INTEGRAL SOLUTIONS

**ZERO
WASTE**

GPMX - We are a group of companies 100% focused on recycling non-hazardous industrial waste, always designing solutions for the industrial sector and converting these production process residues into raw materials for reuse in various productive sectors.

We have over 25 years of experience supporting industrial processes, opening and closing production plants, and developing projects for the disposal of obsolete machinery and equipment. We have the personnel and tools to meet all of your waste management needs.

We have a Maquiladora Program (IMMEX) and strategic alliances in logistics and transportation processes throughout the country and in the southern United States.

We specialize in serving the maquiladora sector and in import and export processes.

ZERO WASTE

We are the comprehensive solution for your recycling processes, with the necessary experience and equipment. We offer a full range of recycling services specializing in materials such as ferrous and non-ferrous metals, paper, cardboard, plastics, and electronics.

Our processes include shredding, shearing, and compacting, among others.

Our facilities include classification, packaging, milling, and disposal areas.

Para prestarle este servicio, ponemos a su disposición nuestra flota de camiones, contenedores y remolques.

Our processes are designed to meet the recycling needs of the industrial sector.

- ❑ Industrial waste management programs (RSNP- RSU)
- ❑ Recycling, compaction and waste disposal equipment
- ❑ Disassembly for recycling of electronic components
- ❑ Shearing, pressing and incineration operations
- ❑ Intermodal, road and rail transport
- ❑ Demolition services
- ❑ Certified destruction
- ❑ IMMEX Program (Maquiladora Company)

GPMX® ECOSYSTEM

At GPMX, we specialize in developing processes for recycling different materials, restoring their life cycle. This allows us to identify a wide variety of materials and recycle them to once again become raw materials for different production sectors.

We have the capacity to carry out these processes in our facilities or identify where they are carried out to comply with the recycling cycle.

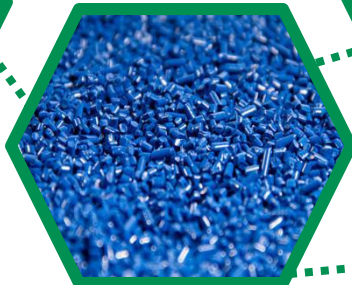

**ZERO
WASTE**

**Materials we
work with**

Ferrous and non ferrous metals

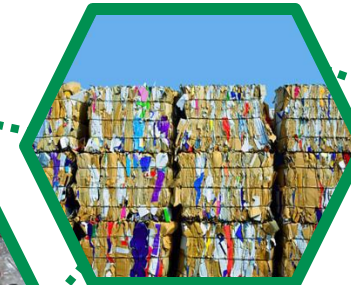

Plastics

Electronic waste

Glass

Cardboard and paper

Obsolete Machinery

RECYCLING

**ZERO
WASTE**

At GPMX, we are the region's most comprehensive recycling solution. We have the experience and equipment necessary for recycling. We offer a full range of recycling services for non-ferrous and ferrous metals, paper and cardboard, glass, plastics, and electronics. Our processes include complete shredding and shearing. We have sorting, baling, and burning facilities. We provide dismantling services for industrial plants and buildings, as well as household appliances. To provide these services, we provide our fleet of trucks, containers, and trailers. Our processes are designed to meet the recycling needs of industry, commerce, government, and the national sector.

- On-site industrial waste management programs
- Recycling, compaction and waste handling equipment
- Certifications for electronic recycling
- Shearing, pressing and incineration operations
- Transportation by truck, rail, intermodal containers
- Demolition services
- Certified destruction
- IMMEX programs
- C-TPAT
- Community Programs

STORAGE AND SUBPROCESSES

We provide storage services ranging from rental of physical spaces to specialized services, including:

- Inventory control, forklift loading and unloading maneuvers, merchandise insurance, security and surveillance.
- Baling, repackaging, packaging, container, consolidation, deconsolidation, pick/pack.
- Verification, labeling and marking of goods.
- Assembled sets or kits for production or promotion.
- Just-in-time process management.
- Classification, Inspection or Testing.
- Temporary import.
- Submanufacturing or Submaquila.

GREEN PROCESS MX

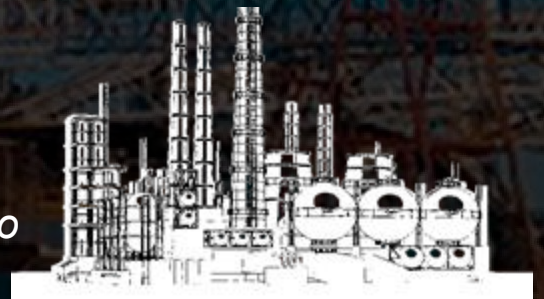

INDUSTRIAL DISMANTLING

We have extensive experience in the installation and dismantling of industrial plants, as well as in the repair and maintenance of machinery and equipment. Our service catalogs include:

- Repair, rework or maintenance.
- Assembly and disassembly of machinery and equipment.
- Dismantling of Industrial Plants.
- Machinery and Equipment Auctions.

We specialize in services to maquiladora companies.

CERTIFICATIONS

At GPMX, we have over 25 years of experience in industrial processes and import and export operations in Mexico. We operate as a maquiladora (IMMEX) authorized company. We hold certifications from the Tax Administration Service (SAT) and the Ministry of Labor (STPS), as well as all environmental accreditations..
